

Aging and Disability Services

Area Agency on Aging for Seattle and King County

Focus on the Future Forums

The Seattle Human Services Department, Aging and Disability Services is sponsoring Focus on the Future Forums to inform the development of the next four year Area Plan on Aging for King County, 2008 - 2011.

During 2007, Aging and Disability Services (ADS) will develop an Area Plan to provide services for older people and adults with disabilities over the next four years. The plan describes the function of ADS as the local Area Agency on Aging, presents relevant demographic trends, and major goals and objectives to be achieved between 2008 and 2011.

To kickoff the Area Plan process, ADS is conducting Focus on the Future Forums that will focus on issues faced by older people and adults with disabilities. Mark you calendars now for these upcoming forums.
