	a4	Discretionary

Data Specifications for Adult Day Health: *Updated January 2016*

Field	Data Type, Codes and Maximum Length	Description/Example
	a2	COPES

Data File Guidelines

- Each client should have a unique identifier or Client ID. This ID # should be used consistently for the same client. ID #'s should not be reused. If a change to your data system causes ID #'s to change (e.g., you purchased a new software system) please let ADS staff know in advance of the change.
- Field names must be at the top of each column and must **exactly match** those in the data specifications.
- Fields can be in any order. You are not required to use them in the order listed above. The one exception is that the Client ID field must be the first column.
- If you do not have information for a particular field, and that field doesn't have a corresponding code or category for Unknown (usually "0" or "U"), please leave the field blank. There must be a first and last name for every client.
- Include only clients who had services during the reporting period. If a client did not have services in the reporting month, they should not appear on the report. Do not keep them on the report with a unit of "0".

Submitting Data Files

- Providers will upload data files to City of Seattle's secure ftp server or through secure email. Contact your contract specialist for information on how to access this server.
- Please send your contract specialist an email letting them know that when you have uploaded the file.
- Data files may be submitted in either spreadsheet (Excel) or delimited (e.g., csv) format.
- Use a unique name for each file that clearly identifies both the provider and the service month. For example: EADS_012016.xls for Elder Adult Day Services January 2016 data file.
- Data files with errors will be sent back via the ftp site for corrections.
- Data files are **due by the 10th working day** of the month. Payment of invoices is contingent upon receipt of all required reports, including monthly data files.

Changes in 2016:

- Race and ethnicity are two separate fields.
- Single parent and unincorporated are no longer required.
- Sexual orientation is a new field.
- Getting places is no longer a required ADL field and Money Mgmt is a new IADL field.
