

Per DSHS/ADSA Senior Nutrition Program Standards:

“Nutrition screening is a first step in identifying individuals at nutritional risk or with malnutrition. The OAA requires nutrition programs to provide nutrition risk screening. At a minimum, nutrition program service providers must administer the 10 questions from the Nutrition Screening Initiative Checklist to participants and determine their nutrition risk scores.”

### Determine Your Nutritional Health

The warning signs of poor nutritional health are often overlooked. Use this checklist to find out if you or someone you know is at nutritional risk. Read the statements below. Circle the number in the yes column for those that apply to you or someone you know. For each yes answer, score the number in the box. Total your nutritional score.

	<b>YES</b>
I have an illness or condition that made me change the kind and /or amount of food I eat.	2
I eat fewer than two meals per day.	3
I eat few fruits or vegetables, or milk products.	2
I have three or more drinks of beer, liquor or wine almost every day.	2
I have tooth or mouth problems that make it hard for me to eat.	2
I don't always have enough money to buy the food I need.	4
I eat alone most of the time.	1
I take three or more different prescribed or over-the-counter drugs a day.	1
Without wanting to, I have lost or gained 10 pounds in the last six months.	2
I am not always physically able to shop, cook and/or feed myself.	2

**TOTAL** \_\_\_\_\_

**Total your nutritional score. If it's--**

0-2	Good! Recheck your nutritional score in six months.
3-5	You are at moderate nutritional risk. See what can be done to improve your eating habits and lifestyle. Your office on aging, senior nutrition program, senior citizens center or health department can help. Recheck your nutritional score in three months.
6 or more	You are at high nutritional risk. Bring this checklist the next time you see your doctor, dietitian or other qualified health or social service professional. Talk with them about any problems you may have. Ask for help to improve your nutritional health.
