

Difficult Conversations Series:

Mental Health Symposium

Weds, February 22 | 1:30-3pm

Greenwood Senior Center. Free.

Nearly 1 in 5 Americans are affected by mental health conditions every year, yet as a society we often do not understand or deal well with the impacts of these illnesses. Join representatives from the National Alliance on Mental Illness, In Our Own Voice and Compass Housing, as well as a family caregiver and advocate, to discuss myths and facts about this health epidemic, issues surrounding resources and public policy, and how we can help.

For questions or to RSVP, please call
