

**I. Introductions**

Rapid Networking Exercise (list of attendees attached)

**II. Presentation on “Strategies to Improve the Social Determinants of Health”**

Mary Snodgrass, King County Public Health.

Comments/Questions

- Data demonstrates why “age-friendly” efforts are important – influence sectors beyond social services to impact health and well-being.
- How can people get involved, and how can we get older people into activities (e.g., dance)? Working groups/committees may be a good forum for this. Get Moving Initiative in South King County is one effort.
- People of color are underrepresented in the coalition and at similar events/gatherings. How can we as a coalition do a better job of reaching out and engaging, and how can the City and County help facilitate engagement with communities of color and LGBTQ communities?
- A lot of the funding opportunities are not available to people who rent – this is a big problem. County is considering options such as floated master leasing agreements and shallow rent subsidies (small amounts of money to help close gaps in monthly rent affordability).
- Appreciated verbal description of slides – not everyone can see or hear a presentation, and we should strive to role model age-friendly communications (presentations, meeting materials, etc.).
- Will send ppt to listserv and will post when meeting notes are online.

**III. Working Groups and Committee Updates**

A. Steering Committee

- Review of the Governance Framework document (will send as separate attachment).
- Reminder that working groups/committees are responsible for driving the work they want to do. City staff can provide administrative support.
- Committees are in the very early stages, and there is opportunity to create additional ones, with limited capacity of staff to support.
- Staff are working to ensure that notes from all meetings will be posted on [seattle.gov/agefriendly](http://seattle.gov/agefriendly). Meeting times are also posted there already and will send an update when the notes are available online.

B. Outreach, Advocacy and Communications

- New meeting time – 11:30 am-12:30 pm starting next month, immediately following either the Steering Committee or Coalition meetings.
- Communications project / partnership with Seattle’s [Night Out](#). Produce videos for 2019 and distribute Community Living Connections program materials at this summer’s event.
- Resource Fairs in Spring 2019, incorporate Age Friendly partners, one focused on LGBT elders. Suggestion to have go to existing events and table instead of creating separate “aging or age-friendly” events. Example of PNA’s Visible Village – volunteers from the PNA Virtual Village do fun outreach activities at community event; this reaches people who would not necessarily come to a resource fair focused on aging.
- Pike Place Market Age Friendly Adventure. Last month 35 AARP staff from around the US did a tour of Pike Market using an app developed by folks at Stanford University to assess the accessibility of the market. Goal is to improve accessibility while preserving historic character.
  - ✓ Q - Will there be an advocacy component to the Pike Market project? OAC Committee will share data from the Pike Market event to CM Bagshaw, Pike Market SC, Pike Market PDA and Age Friendly Coalition.
  - ✓ Suggestion that the Coalition conduct the same kind of assessment as part of their next meeting – Steering committee will discuss.

C. Social and Civic Participation

- Conversation about the role of the committee.
- Generated a few ideas of projects to engage people, have not decided yet on a direction but getting there.
- Meets directly after Coalition in Room 5135.

D. Transportation and the Built Environment

- Cycling project – conversation next Friday 6/22 with folks from bike advocacy organizations
- Other project is neighborhood focused, plan is to choose a neighborhood and then move forward to work with community groups to develop the project.

E. Housing

- Still in development.
- Contact Sarah at [sarah.demas@seattle.gov](mailto:sarah.demas@seattle.gov) or [agefriendly@seattle.gov](mailto:agefriendly@seattle.gov) to get involved.

**IV. Info / Share Announcements**

Age Friendly Coalition for Seattle and King County  
Meeting Minutes, June 15, 2018

- 6/23, 9:30 PNA Home-sharing Event at PNA. Silvernest will be introducing their platform for Seattle home-sharing matches, serves all of Seattle, not just Phinney Ridge.
- PNA will be sending out the link to a memory loss video “In Our Own Words: Living with Memory Loss”, will send link to Age Friendly listserv.
- Denise – SW at Wallingford CSC – Going around to different communities and bringing a social justice lens.
- Pam Kilborn-Miller – researching this summer on employment for older adults. She will send research questions to listserv. Please contact her if you have questions or ideas.
- Irene shared a packet of flyers for upcoming Age Friendly Seattle events. She will send out to listserv.
