Funding Processes Leads with Race

City of Seattle

Race and Social Justice Initiative
(RSJI) -

Commitment to eliminate racial
disparities and achieve racial
equity

Why Lead with Race?

- ▶ The pervasive and deep disparities faced by people of color. We recognize that challenging institutional and structural racism is essential if we are to support the creation of a just and equitable society;
- ▶ The many years of community organizing that demanded the City to address racial inequity. To this end, we recognize the necessity of supporting all communities in challenging racism; and
- ▶ The necessity of focus. We recognize that efforts to eliminate racism are essential to achieving an equitable society, and that those efforts by themselves are insufficient. We “lead with race,” and are also working on institutionalized sexism, heterosexism, ableism and other oppressions.

What is Equity?
