- Emergency plans for people living alone, who may experience food/supply shortage, social isolation, etc.
- Guidance for older adults who feel they've been exposed to the virus.
- Public Health is also convening the [Pandemic Advisory Group](#) whose role is to get accurate information out to communities; bring community feedback to Public Health; counter disinformation and fear; and advise the Seattle Foundation on dispersing COVID-19 Response Grant Funds to community organizations.
- Governor has prohibited gatherings over 250 people. King County has stronger restrictions for groups of 50+ people.
- State is concerned about Area Agencies on Aging meeting their contractual obligations for Older Americans and state funds, but there may be greater flexibility allowed if state of emergency is declared.
- Vice Chair, Dick Woo's ask: AC members should continue sharing information with respective communities and ADS staff should push out timely information.
