Join **Age-Friendly Seattle, AARP Washington, the Northwest Universal Design Council, the City of Renton, and the Older Adults and Healthy Aging team at King County Department of Community and Human Services** for the second forum where we continue discussions about Age-Friendly Housing and Aging-in-Place that began in our initial meeting last year.

It's now time to put words into action. This event will include an opportunity for active participation. If you are passionate about a particular concept that you believe can support seniors to live where they want to live, we invite you to bring your ideas.
