

Community Transition Services Roads to Community Living (RCL) and Washington Roads (WA Roads)

When to Authorize RCL

Service provides RCL demonstration services for:

- Intensive one on one relocation support for individuals moving from qualified institutional settings to qualified community settings. These services are provided only as authorized by case management staff in the participant's Service Plan.
- Client must meet RCL eligibility as defined in RCL Transition Guidelines.

When to Authorize WA Roads

Service provides WA Roads services for three cohorts of individuals:

- Individuals moving from qualified institutional settings to qualified community settings for intensive one on one relocation support
- Individuals living in the community who are functionally and financially eligible for waiver/state plan HCBS, and have any of these characteristics:
 - Unstable residential or in-home settings
 - Frequent institutional contacts (ER visits, SNF stays, hospital admits, etc...)
 - Frequent turnover of caregivers
 - Multiple systems involvement (DOC, psychiatric institutions, etc...)

Individuals living in subsidized housing that has been coordinated through ALTSA (including NED, Bridge, 811, etc...), regardless of whether they are currently eligible for or receiving waiver/state plan HCBS

RCL/WA Roads Services

Community Choice Guides - services which may include but are not limited to:

- Conducting a pre-transition consultation with potential participants to determine viability for clients interested in transitioning from an institutional setting and transition/support service needs.
- Acting as a liaison with and among the client, nursing or institutional facility staff, case managers, housing providers, medical personnel, legal representative, formal caregivers, family members, informal supports and any other involved party
- Provision of assistance and support to ensure the participant's successful transition from the institutional setting as authorized by HCS and/or AAA staff.

- Locating and arranging for appropriate, accessible housing.
- Working in partnership with local housing authorities and other community resources regarding housing availability, subsidies and voucher capacity.
- Setting up the participant's new home including services such as arranging utility hook-ups and the acquisition of furnishings and household goods.
- Arrangement of the participant's physical move from the institutional setting.
- Liaison between the participant and housing provider
- Training or education about ability to access community settings, or health services.
- Personal skill development for client and/or caregivers related to the individual's care plan.
- Community integration activities, such as exercise classes, that might be found through local YMCA-type organizations, Senior or Community Centers, etc.

Professional Support Services

Covers a range of services for participants whose needs include therapeutic services not otherwise covered by Medicaid. It covers supports and services that are typically performed or provided by people with specialized skill, certification or licenses.

- Are provided only as authorized in the participant's Service Plan
- May include Physical, Occupational, Speech or other professional therapy

RCL Professional Support Services include:

Behavioral Consultation and Technical Assistance- services which may include but are not limited to:

- Development and implementation of services designed to help facilitate inclusion in the community.
- Training, behavior support plans and/or specialized cognitive counseling.
- Consultation may be in home or in common community settings that the person needs to navigate (i.e., stores, offices, parks, etc.).
- Mental health services for participants transitioning from institutional to community settings, such as someone experiencing mild depression or anxiety related to their transition, in those instances where the authorized Medicaid benefit amount, duration or scope of service does not meet the individual's needs.

Example: A participant who may be experiencing depression or anxiety related to their transition.

At the request of our clients, we will provide chemical treatment in cooperation with remediation of moisture issues to fully resolve this issue. Estimate for remediation work provided after completion of initial inspection. • German Cockroach. \$899 per Inspection, Initial treatment, up to Two Follow-up visits with retreatment as needed in a 45-day period. Services under this contract average one-hour per visit w3th re-treatment for all follow-up appointments. Cockroach infestations are closely linked to client cooperation following cleaning recommendations–beyond 45 days would require compliance with recommended cleaning & initiation of new treatment cycle. • Fleas. \$329/\$359/\$399 per Inspection, Treatment, One Follow-up Visit as needed 45 days following initial treatment per <1,000/1,000-2,000/> 2,000 sq. ft. Animals need to be removed from the unit or put in a room that is not being treated. Capturing and placing animals in a room or animal carrier is an additional \$199 per animal. • Stinging Pests \$399/\$459 per Unit Inspection & Treatment Nest & Entry Area/Exterior Multi-unit Bldg. up to 2 Stories (excludes Honeybee nests). • Pantry Pests (Moths, Beetles, Other Pantry Pests) • \$599per Unit Inspection, attempt to locate source& treatment (60day warranty) • Occasional Pest Invaders (Spiders, Springtails, Earwigs, Silverfish, Mites, Millipedes, Centipedes, Firebrats, Pill Bugs, Sow Bugs, Clothes Moths, Flies) \$599 per Inspection & Installation of monitor. (60-day warranty). • BedBugs \$499 per Unit for Inspection, Installation of monitoring unit with Chemical Lure and follow-up visit. *If more than 10 units at same site, price reduced to \$249/Unit. GPC recommends inspection monitoring of all adjoining units. Level 1 Infestation (Light Bedbug Activity) – No bedbugs found on visual inspection but found in bedbug monitors on follow up visit*). Level 2 Infestation (Moderate Bedbug Activity) -Bed bugs or evidence of bed bugs found in one room during the bed bug inspection.). Level 3 Infestation (Heavy Bedbug Activity) – Bed bugs or evidence of bed bugs found in multiple rooms of unit during the bed bug inspection. Includes Targeted Bio-Pesticide and Chemical Treatment of Effected Areas, and Furniture. Installation of up to 1 Bed Bug Mattress/Box Spring Cover. It also includes installing Bedbug Monitor Stations and a follow up visit to check bed bug activity. If bed bug activity is still found, we will re-treat as needed within a 60-day period. Resident must be away from home during treatment and 4 hours following. Animals need to be removed from the unit or put in a room that is not being treated. Capturing and placing animals in a room or an animal carrier is an additional \$199 per animal. *Excludes residents with treatment complications including – excessive cluttering, overcrowding, resident sleeping on floor, excessive spotting – these will be treated with Level 2 Protocol. Level 1 Infestation: \$1349; Level 2 Infestation: \$1549; Level 3 Infestation \$1749 Additional mattress covers \$129. All beds must be encased. Treatment preparation \$249/hour/FTE. Other add-on bedbug expenses & clutter surcharges – contact company for specific costs. <i>Guard Pest Control does use clutter scale (from Institute for Challenging Disorganization to help guide our assessment of the clutter. (https://www.commerce.wa.gov/wp-content/uploads/2016/11/hfu-hoarding-scale-2011.pdf) and includes clutter surcharges as applicable.</i>

			<ul style="list-style-type: none"> • Rodents \$649 per Unit Initial Inspection, Trap Placement, Follow-up Trap Check. Exterior rodent bait stations monitored monthly: \$40.00 per a bait station (minimum bait stations - 4 bait stations/bldg.) for a total of \$160.00/ month. Rodent access points will be identified on inspection and GPC will provide a written report of repairs needed along with an estimate. <p>Rodent Exclusion: Recommended rodent exclusion work to prevent rodent access or repair rodent damage. Average between \$200-1200 depending on extent of work to be completed. Estimate to be provided after completion of initial rodent service/inspection. Note in cases of extensive damage or repair work necessary estimate may exceed the quoted average Guard Pest Control would provide photos and report detailing recommended work to be completed.</p>
